

# Austin Fire Department WUI Code Product List

The Austin Fire Department has reviewed the products on this list and has determined that they are suited for use in the Wildland-Urban Interface and will achieve the objectives of the 2015 Wildland-Urban Code (WUI Code). This is not an all-inclusive list nor is it intended to be a recommendation of any particular company, product, or material. Products and suppliers are not listed in any particular order. Absence of a product or supplier from this list is not a determination or indication of unsuitability of that product or supplier.

Additional items can be submitted to the Austin Fire Department by the manufacturer to be added to the list at any time by sending an email with all of the information regarding the product to [wuicodeinfo@austintexas.gov](mailto:wuicodeinfo@austintexas.gov). The Austin Fire Department will review all products sent to determine whether they meet the requirements of the WUI Code. Only products that are determined to meet the WUI Code requirements will be added to the list in the appropriate category. The code and amendments can be located here: <https://www.austintexas.gov/department/wildland-urban-interface-code>.

\*Note: There are many tinted Low E, insulated, tempered or fire-rated glass windows that are available and suited for use in the Wildland-Urban Interface.

\*\*Note: There are many non-combustible, fire rated or 1 ¾" solid core doors that are available and suited for use in the Wildland-Urban Interface.
